

Product description	
Description	Correct Paintbox CTK with 24 universal, solvent-borne retouching inks.

Range of application	
Description	Ideally suited for retouching smaller defects. Suitable for wooden surfaces, plastic surfaces (laminates, flat laminates, etc.)

Product data	
Product code	CTK
Packaging size	1 paintbox consisting of: 24 ink pans 2 flasks of solvent 2 red marten brushes

Preparation of substrates	
Clean the spot to be treated. The substrate must be free from grease and dust and must be dry.	

Processing	
	Slightly dissolve the paints with the red marten brush and the enclosed cellulose thinner. All colours can be mixed with each other. Apply thinly and repair the defects.
	

Drying time @ 20°C	
Dust dry	at least 3 minutes
Overcoatable (aerosol can/spray gun)	at least 15 minutes

Aftertreatment	
The repaired spot can be overpainted with all Zweihorn® varnishes. When working on site, the varnish protection can be applied with a refillable Preval Sprayer or with Crystallit in the two-pack PUR aerosol can 5085.	

Products from AkzoNobel Wood Coatings are exclusively produced for professional and industrial users, who have a basic knowledge of the handling and application of chemical/technical products for surface design. The processing instructions for reaching the qualities given in the leaflets should be regarded as non-binding recommendations and do not constitute any warranty. These recommendations are based on our experiences, including test series, and should facilitate and promote the work of our clients. Any potential deviation from ideal working conditions is within the responsibility of our clients and may affect the (end) result of the application. The purchaser is not relieved from his duties to inspect the product and its suitability for the surface to be processed, preferably through trial processing. If in any doubt as to the handling or processing of the purchased product, our material experts as well as our application and laboratory technicians will help you to the best of their ability. AkzoNobel, of course, guarantees an impeccable quality of its products in its product specifications, yet the use thereof lies entirely within the responsibility of the purchaser. As long as we have not guaranteed – in writing – the specific characteristics and suitability of a product for a contractually agreed purpose, any advice or information given regarding the application or handling, even if the advice or information is given to the best of our knowledge, will not be binding nor will it constitute a warranty. AkzoNobel's liability for the use of its products by its customers is limited in its General Sales and Delivery Conditions, to which the purchaser is hereby referred. The applicable version of the Technical Data Sheet for this product can be downloaded from our websites. Previous versions of the Technical Data Sheets are rendered void with the issue of a new one. Date of issue: 2022-08-26 / 10
