

Naturtrend Parquet Cleanser NPR

Product description

Description	Concentrate for the cleaning of oiled and waxed floors.
-------------	---

Range of application

Description	As universal and gentle care and cleaning product for all oiled and/or waxed furniture surfaces treated with Naturtrend products.
-------------	---

Product data

Product code	NPR
Packaging size	1 l
Viscosity at delivery	liquid
Shelf life - Original container unopened	at least 1 year

Mixture

Oiled floors Yield (1 litre concentrate)	250 ml into 10 litres of water 41 l
Waxed floors Yield (1 litre concentrate)	30 ml into 10 litres of water 366 l

Preparation of substrates

First thoroughly remove dirt from the floor by means of vacuuming.

Processing

	Add the indicated quantity of the concentrate into the mopping water and clean the floor with a slightly damp cloth. We recommend working with two buckets. One for the clean cleaning solution and the other one for the waste water. Do not use clear water to wipe again after cleaning.
---	---

Aftertreatment

Depending on the visual appearance of the wooden floor, care treatment with Naturtrend Parquet Care NPP may be required after the cleaning procedure. A renovation with the originally used Naturtrend product may be necessary in case of heavy wear of the surface treated with Naturtrend products.

Products from AkzoNobel Wood Coatings are exclusively produced for professional and industrial users, who have a basic knowledge of the handling and application of chemical/technical products for surface design. The processing instructions for reaching the qualities given in the leaflets should be regarded as non-binding recommendations and do not constitute any warranty. These recommendations are based on our experiences, including test series, and should facilitate and promote the work of our clients. Any potential deviation from ideal working conditions is within the responsibility of our clients and may affect the (end) result of the application. The purchaser is not relieved from his duties to inspect the product and its suitability for the surface to be processed, preferably through trial processing. If in any doubt as to the handling or processing of the purchased product, our material experts as well as our application and laboratory technicians will help you to the best of their ability. AkzoNobel, of course, guarantees an impeccable quality of its products in its product specifications, yet the use thereof lies entirely within the responsibility of the purchaser. As long as we have not guaranteed - in writing - the specific characteristics and suitability of a product for a contractually agreed purpose, any advice or information given regarding the application or handling, even if the advice or information is given to the best of our knowledge, will not be binding nor will it constitute a warranty. AkzoNobel's liability for the use of its products by its customers is limited in its General Sales and Delivery Conditions, to which the purchaser is hereby referred. The applicable version of the Technical Data Sheet for this product can be downloaded from our websites. Previous versions of the Technical Data Sheets are rendered void with the issue of a new one.
